This compendium of everything thats new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select whats safe, reliable, and fuel-frugal.

"The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about." – The Globe and Mail Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada ' s automotive "Dr. Phil" for over 40 years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever.

For the first time in one volume, Phil Edmonston, Canada ' s automotive " Dr. Phil, " covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

Covers all U.S. and Canadian models of Acura TL.

This is a maintenance and repair manual for the DIY mechanic, covering the GM Chevrolet Malibu, 2004-2010 models.

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. " Dr. Phil, " along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada ' s automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler ' s days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz – rich cars, poor quality. There ' s only one Saturn you should buy. Toyota – enough apologies: "when you mess up, ' fess up."
