Adams vs. Jefferson: The Tumultuous Election of 1800 by ... Adams vs. Jefferson: The Tumultuous Election of 1800 is a wonderful addition to the Pivotal Moments in American History being published by the Oxford University Press. John Ferling does a superb job, in fairly short order, bringing the reader into the time when our nation was in its nascent stages - prior to political parties dominating the electoral landscape.

It was a contest of titans: John Adams and Thomas Jefferson, two heroes of the Revolutionary era, once intimate friends, now icy antagonists locked in a fierce battle for the future of the United States. The election of 1800 was a thunderous clash of a campaign that climaxed in a deadlock in the Electoral College and led to a crisis in which the young republic teetered on the edge of collapse. Adams vs. Jefferson is the gripping account of a turning point in American history, a dramatic struggle between two parties with profoundly different visions of how the nation should be governed. The Federalists, led by Adams, were conservatives who favored a strong central government. The Republicans, led by Jefferson, were more egalitarian and believed that the Federalists had betrayed the Revolution of 1776 and were backsliding toward monarchy. The campaign itself was a barroom brawl every bit as ruthless as any modern contest, with mud-slinging, scare tactics, and backstabbing. The low point came when Alexander Hamilton printed a devastating attack on Adams, the head of his own party, in "fifty-four pages of unremitting vilification." The stalemate in the Electoral College dragged on through dozens of ballots. Tensions ran so high that the Republicans threatened civil war if the Federalists denied Jefferson the presidency. Finally a secret deal that changed a single vote gave Jefferson the White House. A devastated Adams left Washington before dawn on Inauguration Day, too embittered even to shake his rival's hand. With magisterial command, Ferling brings to life both the outsize personalities and the hotly contested political questions at stake. He shows not just why this moment was a milestone in U.S. history, but how strongly the issues--and the passions--of 1800 resonate with our own time.

A history of the presidential campaign follows the clash between the two candidates, Adams and Jefferson, and their different visions of the future of America, the machinations that led to Jefferson's victory, and the repercussions of the campaign.

Veteran historian Ferling's account of one of America's most extraordinary political dramas lays bare the historically pugilist nature of American presidential politics. In 1800 the nation was struggling to its feet amidst an array of threats from foreign governments and a host of constitutional struggles. Against this backdrop, President John Adams, an elite, strong-willed Federalist, set to square off against his vice president, Thomas Jefferson, a populist Republican.

CHOICE Outstanding Academic Title "They could write like angels and scheme like demons." So begins Pulitzer Prize-winner Edward Larson's masterful account of the wild ride that was the 1800 presidential election—an election so convulsive and so momentous to the future of American democracy that Thomas Jefferson would later dub it "America's second revolution." This was America's first true presidential campaign, giving birth to our two-party system and indelibly etching the lines of partisanship that have so profoundly shaped American politics ever since. The contest featured two of our most beloved Founding Fathers, once warm friends, facing off as the heads of their two still-forming parties—the hot-tempered but sharp-minded John Adams, and the eloquent yet enigmatic Thomas Jefferson—flanked by the brilliant tacticians Alexander Hamilton and Aaron Burr, who later settled their own differences in a duel. The country was descending into turmoil, reeling from the terrors of the French Revolution, and on the brink of war with France. Blistering accusations flew as our young nation was torn apart along party lines: Adams and his elitist Federalists would squelch liberty and impose a British-style monarchy; Jefferson and his radically democratizing Republicans would throw the country into chaos and debase the role of religion in American life. The stakes could not have been higher. As the competition heated up, other founders joined the fray—James Madison, John Jay, James Monroe, Gouverneur Morris, George Clinton, John Marshall, Horatio Gates, and even George Washington—some of them emerging from retirement to respond to the political crisis gripping the nation and threatening its future. Drawing on unprecedented, meticulous research of the day-to-day unfolding drama, from diaries and letters of the principal players as well as accounts in the fast-evolving partisan press, Larson vividly re-creates the mounting tension as one state after another voted and the press had the lead passing back and forth. The outcome remained shrouded in doubt long after the voting ended, and as Inauguration Day approached, Congress met in closed session to resolve the crisis. In its first great electoral challenge, our fragile experiment in constitutional democracy hung in the balance. A Magnificent Catastrophe is history writing at its evocative best: the riveting story of the last great contest of the founding period.

A spellbinding history of the epic rivalry that shaped our republic: Thomas Jefferson, Alexander Hamilton, and their competing visions for America.

It was an age of fascinating leaders and difficult choices, of grand ideas eloquently expressed and of epic conflicts bitterly fought. Now comes a brilliant portrait of the American Revolution, one that is compelling in its prose, fascinating in its details, and provocative in its fresh interpretations. In A Leap in the Dark, John Ferling offers a magisterial new history that surges from the first rumblings of colonial protest to the volcanic election of 1800. Ferling's swift-moving narrative teems with fascinating details. We see Benjamin Franklin trying to decide if his loyalty was to Great Britain or to America, and we meet George Washington when he was a shrewd planter-businessman who discovered personal economic advantages to American independence. We encounter those who supported the war against Great Britain in 1776, but opposed independence because it was a "leap in the dark." Following the war, we hear talk in the North of secession from the United States. The author offers a gripping account of the most dramatic events of our history, showing just how closely fought were the struggle for independence, the adoption of the Constitution, and the later battle between Federalists and Democratic-Republicans. Yet, without slowing the flow of events, he has also produced a landmark study of leadership and ideas. Here is all the erratic brilliance of Hamilton and Jefferson battling to shape the new nation, and here too is the passion and political shrewdness of revolutionaries, such as Samuel Adams and Patrick Henry, and their Loyalist counterparts, Joseph Galloway and Thomas Hutchinson. Here as well are activists who are not so well known today, men like Abraham Yates, who battled for democratic change, and Theodore Sedgwick, who fought to preserve the political and social system of the colonial past. Ferling shows that throughout this period the epic political battles often resembled today's politics and the politicians--the founders--played a political hardball attendant with enmities, selfish motivations, and bitterness. The political stakes, this book demonstrates, were extraordinary: first to secure independence, then to determine the meaning of the American Revolution. John Ferling has shown himself to be an insightful historian of our Revolution, and an unusually skillful writer. A Leap in the Dark is his masterpiece, work that provokes, enlightens, and entertains in full measure.

An " excellent " history of the tumultuous early years of American government, and a constitutional crisis sparked by the Electoral College (Booklist). In the election of 1800, Federalist incumbent John Adams, and the elitism he represented, faced Republican Thomas Jefferson. Jefferson defeated Adams but, through a quirk in Electoral College balloting, tied with his own running mate, Aaron Burr. A constitutional crisis ensued. Congress was supposed to resolve the tie, but would the Federalists hand over power peacefully to their political enemies, to Jefferson and his Republicans? For weeks on end, nothing was certain. The Federalists delayed and plotted, while Republicans threatened to take up arms. In a way no previous historian has done, Susan Dunn illuminates this watershed moment in American history. She captures its great drama, gives us fresh, finely drawn portraits of the founding fathers, and brilliantly parses the enduring significance of the crisis. The year 1800 marked the end of Federalist elitism, pointed the way to peaceful power shifts, cleared a place for states ' rights in the political landscape—and set the stage for the Civil War. " Dunn, a scholar of eighteenth-century American history, has provided a valuable reminder of an election in which the stakes were truly enormous and the political vituperation was far more poisonous than the relatively moderate attacks heard today. . . . An excellent work that effectively explains this critical contest that shaped the history of the new republic. " —Booklist " Dunn does a superb job of recounting the campaign, its cast of characters, and the election ' s bizarre conclusion in Congress. That tense standoff could have plunged the country into a disastrous armed conflict, Dunn explains, but instead cemented the legitimacy of peaceful, if not smooth, transfers of power. " —Publishers Weekly " Dunn simultaneously teaches and enthalls with her eloquent, five-sensed descriptions of the people and places that shaped our democracy. " —Entertainment Weekly

One of America's foremost historians brilliantly brings to life the fierce struggle - both public and, ultimately, bitterly personal - between Thomas Jefferson and Alexander Hamilton - two rivals whose opposing visions of what the United States should be continue to shape our country to this day.

Download Ebook Adams Vs Jefferson The Tumultuous Election Of 1800 John Ferling

Setting the World Ablaze is the story of the American Revolution and of the three Founders who played crucial roles in winning the War of Independence and creating a new nation: George Washington, John Adams, and Thomas Jefferson. Braiding three strands into one rich narrative, John Ferling brings these American icons down from their pedestals to show them as men of flesh and blood, and in doing so gives us a new understanding of the passion and uncertainty of the struggle to form a new nation. A leading historian of the Revolutionary era, Ferling draws upon an unsurpassed command of the primary sources and a talent for swiftly moving narrative to give us intimate views of each of these men. He shows us both the overarching historical picture of the era and a gripping sense of how these men encountered the challenges that faced them. We see Washington, containing a profound anger at British injustice within an austere demeanor; Adams, far from home, struggling with severe illness and French duplicity in his crucial negotiations in Paris; and Jefferson, distracted and indecisive, confronting uncertainties about his future in politics. John Adams, in particular, emerges from the narrative as the most under-appreciated hero of the Revolution, while Jefferson is revealed as the most overrated, yet most eloquent, of the Founders. Setting the World Ablaze shows in dramatic detail how these conservative men--successful members of the colonial elite--were transformed into radical revolutionaries.

A vivid retelling of the presidential election campaign between John Adams and Thomas Jefferson describes the fierce rivalry that was called "America's Second Revolution" and reveals the pivotal roles played by Alexander Hamilton and Aaron Burr. By the Pulitzer Prize-winning author of Evolution. Reprint. 35,000 first printing.
