 In 1901, the "Allis Chalmers" company was formed by merging the Edward P. Allis Co., Fraser and Chalmers Company and Gates Iron Works. Shortly after, a large chunk of land was purchased in what became West Allis, Wisconsin. Wanting to diversify, Allis Chalmers built its first farm tractor in 1914.

Allis Chalmers Tractor Parts, Specs and Information
 Allis-Chalmers (and Buda) produced heavy-duty engine designs that were built to handle a variety of fuel types (generally gasoline, diesel fuel, or liquefied propane gas (LPG)). The types of fuel each engine could burn are listed where appropriate; further information on fuel types for each engine can be found in the individual engine articles.
