Get the hands-on practice and reinforcement you need to master the concepts and skills covered in Modern Dental Assisting, 12th Edition. With chapters corresponding to the chapters in Bird & Robinson's bestselling textbook, this workbook features ample review questions and exercises, competency skills evaluation sheets for practice with dental assisting procedures, and case applications with questions. Applicable chapters also contain a review of video procedures located on the text's companion website, as well as original practice management exercises designed to be used with the Dentrix software that's included with the workbook. In all, it's the essential practice and review you need to succeed in clinical practice! Correlation with textbook chapters makes it easy to move back and forth between the two resources. Practice and review questions for each chapter include short answer, fill-in-the-blank, multiple-choice, and labeling questions to help reinforce your understanding of terminology and concepts. Competency skill checklists provide clear guidelines for performing each dental assisting skill and help you evaluate your strengths and weaknesses, with perforated pages so that you can detach individual skill sheets for use in clinical settings. Patient case exercises use patients on the companion Evolve website's Interactive Dental Office and include medical and dental histories, radiographs, and charting to help you solve problems relating to patient health issues. Video review sections visually reinforce your understanding of text material and help prepare you for patient encounters. Removable flashcards summarize key information about the sciences, medical emergencies, infection control, radiography, dental materials, dental instruments, and dental procedures, offering convenient, on-the-go review and exam preparation. Trusted expert authors Doni Bird and Debbie Robinson present information and procedures in a way that makes it easy for you to understand and apply the material. NEW! Content matches that in the text, addressing new technology, public health and access to care, teledentistry, Zika virus, Ebola, infection control guidelines, the oral-systemic health connection, and more. NEW! Anatomy and tooth morphology labeling exercises help you master key foundational content essential to dental assisting practice. NEW! Additional Dentrix practice management exercises have been added to the Dentrix Learning Edition software, enabling you to work with patient data much like you will in the office environment. NEW! Additional content supporting the dental assisting externship provides information and resources to support practicum.

Prepare for a successful career as a dental assistant with Modern Dental Assisting, 11th Edition! Using an easy-to-understand approach, this book provides a complete foundation in the basic and advanced skills you must master to achieve clinical competence. Full-color photographs and clear, step-by-step instructions make it easy to learn dental assisting procedures. This edition includes content on the electronic health record, impact of the new health care law, and the new hazard communication standard. And as a complete learning package, it also includes an Evolve companion website with new videos demonstrating key procedures, practice quizzes, interactive games and exercises, and flashcards. Written by the expert dental assisting team of Doni Bird and Debbie Robinson, this is the leading text in dental assisting – the most trusted, the most comprehensive, and the most current.

Prepare for a successful career as a dental assistant with Modern Dental Assisting, 11th Edition! Using an easy-to-understand approach, this book provides a complete foundation in the basic and advanced skills you must master to achieve clinical competence. Full-color photographs and clear, step-by-step instructions make it easy to learn dental assisting procedures. This edition includes content on the electronic health record, impact of the new health care law, and the new hazard communication standard. And as a complete learning package, it also includes an Evolve companion website with new videos demonstrating key procedures, practice quizzes, interactive games and exercises, and flashcards. Written by the expert dental assisting team of Doni Bird and Debbie Robinson, this is the leading text in dental assisting - the most trusted, the most comprehensive, and the most current. Comprehensive coverage makes this your single, start-to-finish source for dental assisting training. A highly approachable writing style presents the latest information and procedures in a way that makes it easy to understand and apply the material. Concise chapters presented within short parts move from profession basics and sciences to infection control, safety, clinical dentistry, radiography, materials, specialty dental practice, and dental office administration. Superb, full-color illustrations and photographs show procedures, equipment, and instruments. Illustrated, step-by-step procedures show the skills that dental assistants must master, detailing for each the goal, equipment and supplies needed, chronological steps, and rationales. Expanded Functions procedures boxes describe special dental assisting procedures allowed only in certain states. Procedure icons alert you to issues relating to core procedures, e.g., that you should make notes in the patient's record, don personal protective equipment, or watch for moisture contamination. Key terms are accompanied by phonetic pronunciations, highlighted within the text, and defined in boxes on the same or facing page. Critical thinking questions end each chapter with mini-case scenarios and application-style questions. Learning and performance outcomes in each chapter set goals for what you will accomplish and also serve as checkpoints for comprehension, skills mastery, and study tools for exam preparation. Summary tables and boxes make it easy to review key concepts and procedures. Recall boxes appear after sections of text and include questions to ensure that you understand the material. CDC boxes cite the latest recommendations for infection control and summarize regulations. Eye to the Future boxes introduce cutting-edge research, future trends, and topics. Legal and Ethical Implications boxes focus on the behaviors that you will need to practice to protect yourself, your patients, and the practice for which you work. Patient Education boxes summarize content within the context of patient education take-away points. A glossary provides a quick and handy way to look up terminology, with chapter references indicating where terms are

introduced and discussed within chapters. Interactive Dental Office program on the companion Evolve website provides 25 case studies with integrated radiographic mounting and dental charting exercises to help you problem-solve your way through a wide variety of dental conditions and procedures; games help you review and study in the areas of pathology, radiation safety, business office activities, workplace safety, oral anatomy, and dental instruments. Canadian Content Corner on the Evolve site highlights Canadian-specific dental information. A student workbook corresponds to the textbook and offers review and practice of essential tasks that dental assistants perform every day, plus competency skill sheets and detachable flashcards for on-the-go review. Sold separately. NEW content addresses the electronic patient record, impact of the new health care law, preventive techniques, and the new hazard communication standard. NEW, full-color photos show the latest technology, instruments, and procedures. NEW video on the companion Evolve website includes 10 new and 20 reshot video clips of dental assisting procedures, focusing on prevention, dental materials, and imaging; the Evolve website also includes review questions and answers to test your readiness for clinical experiences. EXPANDED! Online chapter quizzes on the Evolve companion website provide additional opportunities to assess your comprehension, along with rationales to reinforce concepts.

User-friendly and easy to understand, Torres and Ehrlich Modern Dental Assisting, 9th Edition has everything you need to prepare for a career in dental assisting. This complete learning package includes the textbook, Evolve website, a multimedia procedures DVD with video clips and animations, and an interactive dental office CD that includes updated case studies and interactive review exercises. This book also satisfies ADA accreditation guidelines and the CDC Guidelines for Infection Control in Dental Health-Care Settings. Procedures walk you through hands-on laboratory skills and include illustrations, equipment and supplies needed, and the rationale behind each step to help you master the skills. Essential for your practice as a dental assistant, CDC boxes familiarize you with the latest CDC guidelines and illustrate how to use them in the clinical setting. Review Exercises on Evolve provide additional opportunity for reviewing the topics in the book. Shorter chapters offer a more focused discussion of each topic and help you find specific information easily. Learn the proper way to sit, reach, stretch, and position your hands and wrists in the Ergonomics chapter. Dental Caries chapter discusses the prevention and intervention of caries. Interactive Charting Exercises on the CD and written exercises in the workbook provide practice in this critical dental assisting skill. Critical Thinking questions and scenarios test your problem solving skills and provide an opportunity for classroom discussion. Patient Education boxes at the end of select chapters offer tips and strategies to help you learn to interact and share information with patients. Be aware of ethical and legal situations with Legal and Ethical Implications boxes to protect yourself and your patients. Explore the latest cutting-edge research, trends, and hot topics that relate to chapter content with Eye to the Future boxes. Student Workbook also available Multimedia Procedures DVD packaged with the text includes 60 procedural video clips with optional review questions at the end of each clip to help you visualize difficult concepts and test your knowledge. A variety of case studies and review on the Interactive Dental Office CD packaged with the text, allow you to apply your knowledge and sharpen your clinical and practice management skills. Evolve website includes Canadian content tailored to Canada's specific nutrition guidelines and privacy regulations. Electronic Resources sections list available resources for each chapter on Evolve, the CD-ROM, and the DVD to tie together the text and electronic content. Added emphasis on Expanded Functions helps you understand the skills you need to become proficient in complex procedures. Updated photos reflect the modern dental assisting environment in which you will practice practice.

Reinforce your understanding of the dental assisting skills described in Modern Dental Assisting, 11th Edition! With chapters corresponding to the chapters in Bird & Robinson's bestselling textbook, this workbook includes practice questions and exercises, competency skill sheets for practice with dental assisting procedures, and detachable flashcards for convenient review. Case-based questions help you master the clinical skills you need to succeed in your career as a dental assistant, and the new Dentrix Learning Edition DVD provides you with realistic practice management experience. Chapters correspond to chapters in the textbook, and each procedure in the textbook also has a corresponding competency sheet. Practice exercises for each chapter include short answer, fill-in-the-blank, and multiple-choice questions, and labeling exercises, helping you master key terminology and important concepts. Patient case exercises use patients on the companion Evolve website's Interactive Dental Office and include medical and dental histories, files, radiographs, and charting information to help you solve problems relating to patient health issues. Procedure videos on the Evolve website visually reinforce your understanding of the material you have read. Competency sheets provide clear guidelines for performing each dental assisting skill and help you evaluate your strengths and weaknesses, with pages perforated so that you can detach individual skill sheets for use in clinical settings. Tear-out flashcards summarize key information about the sciences, medical emergencies, infection control, radiography, dental materials, dental instruments, and dental procedures, offering convenient, on-the-go review in preparing for examinations. NEW content matches that in the textbook, addressing the electronic patient record, the impact of the new health care law, preventive techniques, and the new hazard communication standard. NEW! Emphasis on the Electronic Health Record with the Dentrix Learning Edition DVD and unique practice management exercises allows you to work with patient data. EXPANDED! Additional Critical Thinking Questions offer more opportunities to apply chapter content, enhancing your preparation for state or regional board exams and for practice. EXPANDED! Case-based questions based on patient information in the online Interactive Dental Office help you learn to solve the problems seen in day-to-day clinical settings.
