From #1 New York Times bestselling author Rachel Van Dyken comes the next standalone rockstar romance in her Seaside Pictures series...I had his posters on my wall when I was sixteen and when I accidentally got pregnant in high school-his was the face I dreamt of when I closed my eyes at night.Now, over twenty years later, that dream's turned into a reality.Not only is Drew Amhurst in my tiny town of Seaside, live and in the flesh...But he's mentoring my rockstar son.Drew says he's mine for a week.And he made me three promises. "No strings attached." "No falling in love." "It's only seven days." He's confident that he can help me rediscover myself both in and out of the bedroom, and I'm confident that he's too arrogant for his own good.And at the end of seven days, he swears he'll walk out of my life the way he came into it. The only problem is, the more I get to know him, the more I want to surrender the last pieces of my heart and beg him to stay.

From New York Times and USA Today bestselling author Rachel Van Dyken... She left. Two words I can't really get out of my head. She left us. Three more words that make it that much worse. Three being another word I can't seem to wrap my mind around. Three kids under the age of six, and she left because she missed it. Because her dream had never been to have a family, no her dream had been to marry a rockstar and live the high life. Moving my recording studio to Seaside Oregon seems like the best idea in the world right now especially since Seaside Oregon has turned into the place for celebrities to stay and raise families in between touring and producing. It would be lucrative to make the move, but I'm doing it for my kids because they need normal, they deserve normal. And me? Well, I just need a break and help, that too. I need a sitter and fast. Someone who won't flip me off when I ask them to sign an Iron Clad NDA, someone who won't sell our pictures to the press, and most of all? Someone who looks absolutely nothing like my ex-wife. He's tall. That was my first instinct when I saw the notorious Trevor Wood, drummer for the rock band Adrenaline, in the local coffee shop. He ordered a tall black coffee which made me smirk, and five minutes later I somehow agreed to interview for a nanny position. I couldn't help it; the smaller one had gum stuck in her hair while the eldest was standing on his feet and asking where babies came from. He

looked so pathetic, so damn sexy and pathetic that rather than be star-struck, I took pity. I knew though; I knew the minute I signed that NDA, the minute our fingers brushed and my body became insanely aware of how close he was—I was in dangerous territory, I just didn't know how dangerous until it was too late. Until I fell for the star and realized that no matter how high they are in the sky—they're still human and fall just as hard. The Kristen Proby Crossover Collection features a new novel by Kristen Proby and six books by some of her favorite writers: Kristen Proby – Soaring with Fallon Sawyer Bennett – Wicked Force KL Grayson – Crazy Imperfect Love Laura Kaye – Worth Fighting For Monica Murphy – Nothing Without You Rachel Van Dyken – All Stars Fall Samantha Young – Hold On

Steal, the follow-up standalone rockstar romance to the #1 New York Times Bestseller Keep... It's easy to lose yourself in someone you love. Easier to lose yourself in someone you hate... I didn't think it could get any worse than having to babysit a bunch of spoiled musicians on set — keeping them out of trouble is a cakewalk compared to seeing my ex every day. Seaside, Oregon isn't big enough for the both of us. She hates me. I loathe her. The plan was simple — stay the hell away and make sure she gets to set on time. What I didn't expect was to be faced with our past in front of an audience — and be forced to face it again. It's torture. The way she looks at me. The way I try to look through her. Words left unsaid. The lingering aftermath still as powerful as ever. I feed the chasm between us, for fear that she'll make me feel again — and steal the last shred of heart I have left. We have everything but each other. It's not enough. Not when you've lost love. And replaced it with the only thing left — hate.

My name is shouted on rooftops. It's written on bras, on the inside of bathroom stalls, hell my name is everywhere. To say my name is to experience an orgasm without ever leaving your damn house. My name is Zane "Saint" Andrews. I'm sex. I'm a rock god. I'm also...a virgin. What they don't know won't kill them right? Give the people what they want. And what they want is the idea of me; the pleasure they gain at listening to my song and knowing without a doubt I'm talking about them and only them. It worked for a while. Until a nerdy girl with glasses falls at my feet, literally, and suddenly I don't want to be Saint anymore, what I want? What I really need? Is to be kept. By her. #1 New York Times Bestseller Two weeks running... This is a rockstar romance with lots of kissing, sex, funny one liners, and life from a different angle. I hope you guys enjoy, and remember, it's all about the mallow.

Losing your ability to speak at the age of seventeen; it's not normal or fair. But trauma, has a way of throwing normality out the window. Dani lives anything but a normal life. Her sister is married to one of the biggest names in Hollywood. Her best friends are rockstar duo AD2. And she has more love around her than most people experience in a lifetime. But that doesn't change the fact their parents are dead. Or that it's her fault. It seems her new normal is being a mute, living on the inside, unable to actually communicate on the outside. That is until Hollywood's newest heartthrob Lincoln Greene hires her as his assistant for the summer. He's gorgeous, completely unavailable, and unobtainable. But that doesn't stop her from wondering...if things were different...would he want her? If she was whole, would he be the other half?

Sometimes the only way to heal... is to shatter. Rock star Alec Daniels has it all. Love, fame, money... But being in the limelight isn't all it's cracked up to be, and after one bad choice comes back to haunt him he is left picking up the pieces of his carefully constructed life. Now he faces the toughest decision of his life: Deal with his mistake like a man, or dive back into the dark hole of depression, drugs, and denial that have been his comfort for so long. One wrong move could destroy everything. His girlfriend, his family, and his future. *This is a New Adult Book, blood, violence, cursing, sexual references, and drug use. Not recommended for those under 17*

One girl. Two brothers. Who knew that the sleepy town of Seaside, Oregon would eventually be the location of both our downfall and our redemption? Drugs, sex, lies, shame... it all led us to the Coast. It led us to her. And ever since we met her. Our lives have never been the same. You may think you know what really happened - but you don't. After all, there's two sides to every story. This is ours.
