Cu toate trambitele lansarii volumului 3 al cartii Fluturi (a fost publicata recent o noua versiune a celorlalte doua volume curatate de greseli gramaticale | dar cum ramane cu genul de scriere ce nu se ridica din mediocritate, contraziicerile narative etc.?) - previzionarile mele s-au adeverit, dupa ce am avut rabdarea sa-l parcurg in intregime.

Proceded by: Fluturi vol 1 si 2. Nota: 2/5. Unii dintre voi stiti deja parerea mea despre cartile Fluturi ale Irinei Binder, de aici. Cred ca volumul 3 este cel mai slab dintre toate, cu o gramada de cisee si fraze de pe Facebook si cu aceeasi Irina care este indragostita de toti barbatii cu care intra in contact: la fiecare dintre ei gaseste cate ceva, acel ceva ce o atrage si o face sa fie ...

!Să facem din mișcarea fizică o bucurie, o necesitate. Să-i ajutăm pe copii, să descopere și să înțeleagă frumusețea mișcării, să dorească să facă mișcare.() Lucrarea de față reprezintă prima încercare de a elabora un manual unitar privind jocurile de mișcare de la A la Z. Ținând seama de necesitatea de a asigura lecții atractive și plăcute, am dedicat lucrarea noastră orientării și organizării procesului de instruire la elevi, în conformitate cu principiile moderne ale jocului și cu experiența acumulată de specialiștii noștri în acest domeniu. Jocurile de mișcare constituie un mijloc important prin care se realizează o parte importantă din sarcinile ce revin educației fizice și sportului. Ele dezvoltă la elevi pe lângă bagajul mare de deprinderi motrice elementare, simțul colectivității, fair-play, a inventivității și mai ales al cunoașterii. Studiată cu atenție și aplicată în practică această lucrare poate aduce un aport apreciabil la perfecționarea lecțiilor, în vederea ridicării pe o treaptă superioară a educației fizice și sportului. În măsura în care lucrarea va fi utilă colegilor în activitatea lor practică, autorii vor considera că și-au îndeplinit sarcina. Autorii vor primi cu recunoștință observațiile critice legate de problemele tratate în manual și vor ține seama de ele în munca lor viitoare.

There are many myths about serial killers: that they are all dysfunctional loners; all white males; only motivated by sex; that they all travel and operate across a wide area; cannot stop killing; are all insane, or evil geniuses; and that they all want to get caught. Of course, there are some serial killers who fit into these categories, but the married Green River Killer was not a dysfunctional loner; there are plenty of female and non-Caucasian serial killers; Dr Harold Shipman was certainly not motivated by sex; many serial killings (such as the Ipswich prostitute murders carried out by Steve Wright) happen within a confined area; the 'BTK Killer', Dennis Rader, stopped killing in 1991, but wasn't caught until fourteen years later. Many serial killers may have a low animal cunning, or be 'street smart', but few of them are Mensa-level geniuses. Each of the thirty cases covered here is unusual in some respect, perhaps in the way in which the killer carried out their crimes, the choice of victims, the way in which they were apprehended, or the method of their execution. The cases are presented alphabetically by country - from Australia via Colombia, Great Britain, Indonesia, Iran, South Africa and elsewhere to the United States - and then chronologically. They come from across history and from all over the world. The author has gone back as far as possible to contemporary source material - newspaper accounts, trial evidence, interviews with perpetrators or survivors - rather than rely on the increasingly blurred truth to be found online and in far too many collections.

This is a collection of poetry and prose portraying life through the lens of a mid-twenties young adult. It encompasses all the things we ponder over as we sip on our morning cup of coffee-from current events to romantic love to mother nature, and everything in between. This book is divided into four chapters, each embodying a different aspect of life.

The much-anticipated, bestselling sequel to the international phenomenon Happy People Read and Drink Coffee. Diane needs to start over again. After returning from Ireland and turning the page on her stormy relationship with Edward, the brooding Irish photographer, she is determined to rebuild her life in Paris with help from her best friend Félix. She focuses solely on getting her literary caféback on track-until she meets Olivier. He is kind and thoughtful, and she may have a future with him...until she stumbles across her former love at a photography exhibit. What is Edward doing in Paris? Why didn't he reach out? Faced with a hail of questions, her old flame remains cold and unresponsive. Apparently, he, too, has moved on. In order to put the past behind her, Diane must go back over her tracks. Ireland saved her before. Can she get answers there and find peace again?
