In 2010, GE sold its Security business to UTC Fire & Security Americas Corporation, Inc. ("UTCFSA"). GE doesn't manufacture or sell home security systems. Part of that sale included the right to continue to manufacture GE-branded home security equipment. Since that time, GE has not manufactured or sold home security equipment or systems and UTCFSA ceased making, marketing or selling any GE-branded home security equipment in 2016.

Gates, Gates Notes How could General Electric—perhaps America's most iconic corporation—suffer such a swift and sudden fall from grace? This is the definitive history of General Electric's epic decline, as told by the two Wall Street Journal reporters who covered its fall. Since its founding in 1892, GE has been more than just a corporation. For generations, it was job security, a solidly safe investment, and an elite business education for top managers. GE electrified America, powering everything from lightbulbs to turbines, and became fully integrated into the American societal mindset

as few companies ever had. And after two decades of leadership under legendary CEO Jack Welch, GE entered the twenty-first century as America's most valuable corporation. Yet, fewer than two decades later, the GE of old was gone. ?Lights Out examines how Welch's handpicked successor, Jeff Immelt, tried to fix flaws in Welch's profit machine, while stumbling headlong into mistakes of his own. In the end, GE's traditional win-at-all-costs driven culture seemed to lose its direction, which ultimately caused the company's decline on both a personal and organizational scale.

bookshelf on wealth disparity."—Dr. Naomi Wolf, CEO, Dailyclout.io A fresh look at economic inequality in America Survival of the Richest scrutinizes how the collective wealth of America has been channeled from the poor and middle class into the hands of a few elitists. American industry has been gutted, with wages and benefits stagnant or reduced, thanks to a disastrous trade deals, outsourcing, and the crippling of unions. The Occupy Wall Street movement, and the presidential campaigns of both Bernie Sanders and Donald Trump, reveals how more and more people who are struggling understand that the

system is rigged against them. While Americans have been trained to direct their scorn at welfare recipients and the poor in general, a tiny handful of plutocratic elites have profited on an unfathomable scale through corporate welfare and other perks. Unimaginable salaries and bonuses for the One Percent, contrasted by layoffs and reduced pay for the majority of the workforce, along with increasing calls for austerity measures and lowered standards of living, has become the "new normal" in America. Donald Jeffries argues that this record economic inequality is more than an unintended consequence of
