The war between society and the antisocial personality has long been a subject of fascination, and few have explored it as thoroughly as award-winning author Jack Olsen. In his national best seller Son: A Psychopath and His Victims, Olsen studied a psychopathic rapist who found the perfect protective coloration in jogging shoes and sweats. In this book, the story of Claude Lafayette Dallas, Jr., Olsen takes on perhaps his most challenging assignment -- explicating the curious relationship between a homicidal young "mountain man" and those who saw in his colorful ways the embodiment of the cowboy mystique of the West. On a snow-blown day, Dallas killed two game wardens who entered his trapping and poaching camp in Idaho's Owyhee Desert. The cold-bloodedness of Dallas's crime shocked the West. Stained with his victim's blood, he confessed to a companion, "This is Murder One for me." Then Claude Dallas vanished into the wild and rugged mountains that had sheltered him for so long. For fifteen long months he was the subject of an international manhunt until the FBI and a drawing country sheriff joined forces to run him to earth in a rain of bullets. Only then did lawmen learn about the network of friends who had helped him elude capture. To some of Dallas's rustic neighbors the deadly progression from cowboy to poacher to killer seemed justifiable, even admirable. Clanking around the bars and barrancas of the high desert country in his hand-filed spurs and well-oiled guns, Claude Dallas had brought a strange new madness to the mythology of the West, a madness that even a jury of his peers found nostalgically seductive in a sensational trial. Claude Dallas came within a whisker of going free. Only Jack Olsen, through painstaking research into Dallas's background and exhaustive on-the-scene interviewing, could unravel such a rat's nest of contradictions and confusions and create so compelling a portrait of the killer whose bloody deeds might have been foreordained from childhood. From Publishers Weekly Claude Dallas Jr. was raised in Upper Michigan and Ohio by a father whose philosophy was "give a boy a gun and you're makin' a man." After high school, the young man went to the rugged border area of Idaho, Oregon and Nevada and worked as a cow-puncher and handyman on several ranches. But his dream was evidently to become a 19th centurystyle mountain man and so he turned to poaching, often killing animals even though he had no need for the meat. In 1981, he killed two game wardens in front of a witness. On the run for 15 months, he was eventually captured in a shootout and found guilty of manslaughter in a singularly bizarre trial. From Library Journal "Give a boy a gun and you're makin' a man," Claude Dallas, Sr., is quoted as saying in this book about his son, Claude Jr., a self-made cowboy, trapper, and "mountain man" who was convicted of manslaughter in the shooting deaths of two Idaho game wardens. Claude Jr. was well-liked by many, including a sympathetic jury which rejected possible first or second degree murder verdicts. Was it a case of self-defense or outright murder? Olsen, who last wrote the popular "Son": a psychopath and his victims ( LJ 11/15/83), skillfully presents his viewpoint in a readable tale more reminiscent of Old West traditions than of the 1980s. Recommended.

loving family into a 'terrorist', and then transform his violence into a deeper understanding of the 'enemy' and what it means to be humane in the context of conflict." --Book Jacket.

Investigates the true story of Claude Dallas, who killed two game wardens in Idaho in front of a witness, and how a jury found him guilty only of voluntary manslaughter

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Johnny Got His Gun is an undisputed classic of antiwar literature that's as timely as ever. "A terrifying book, of an extraordinary emotional intensity."--The Washington Post "Powerful. . . an eye-opener." --Michael Moore "Mr. Trumbo sets this story down almost without pause or punctuation and with a fury amounting to eloquence."--The New York Times "A book that can never be forgotten by anyone who reads it."--Saturday Review

Her street name is Maybe She lives with a tribe of homeless teens -- runaways and throwaways, kids who have no place to go other than the cold city streets, and no family except for one another. Abused, abandoned, and forgotten, they struggle against the cold, hunger, and constant danger. With the frigid winds of January comes a new girl: Tears, a twelve-year-old whose mother doesn't believe her stepfather abuses her. As the other kids start to disappear -- victims of violence, addiction, and exposure -- Maybe tries to help Tears get off the streets...if it's not already too late. Todd Strasser, author of the powerful and disturbing Give a Boy a Gun, again focuses on an important social issue as he tells a thought-provoking, heart-wrenching story of young lives lost to the streets, and of a society that has forgotten how to care.

One of The New York Times' 16 New Books to Watch for in March One of Publishers Weekly's Most Anticipated Books of the Year One of Newsweek's Most Highly Anticipated Books of The Year One of Buzzfeed's Most Anticipated Books the Year Based on the acclaimed series—a finalist for the Pulitzer Prize—an intimate account of the devastating effects of gun violence on our nation's children, and a call to action for a new way forward In 2017, seven-year-old Ava in South Carolina wrote a letter to Tyshaun, an eight-year-old boy from Washington, DC. She asked him to be her pen pal; Ava thought they could help each other. The kids had a tragic connection—both were traumatized by gun violence. Ava's best friend had been killed in a campus shooting at her elementary school, and Tyshaun's father had been shot to death outside of the boy's elementary school. Ava's and Tyshaun's stories are extraordinary, but not unique. In the past decade, 15,000 children have been killed from gunfire, though that number does not account for the kids who weren't shot and aren't considered victims but have nevertheless been irreparably harmed by gun violence. In Children Under Fire, John Woodrow Cox investigates the effectiveness of gun safety reforms as well as efforts to manage children's trauma in the wake of neighborhood shootings and campus massacres, from Columbine to Marjory Stoneman Douglas. Through deep reporting, Cox addresses how we can effect change now, and help children like Ava and Tyshaun. He explores their stories and more, including a couple in South Carolina whose eleven-year-old son shot himself, a Republican politician fighting for gun safety laws, and the charlatans infiltrating the school safety business. In a moment when the country is desperate to better understand and address gun violence, Children Under Fire offers a way to do just that, weaving wrenching personal stories into a critical call for the United States to embrace practical reforms that would save thousands of young lives.
