Rayment Kirby shows you how to execute complex image concepts with simple tools. Working in a small studio with simple lighting, Kirby uses digital technology to flawlessly transform images of models, props, and small-scale sets into dramatic composites. Building on these transformative processes he also explores how everyday locations can be infused with a fantasy element for more evocative results. For each final image, the author presents a lighting diagram and alternate or procedural images to reveal the process used. Easy-to-follow text detailing the process makes it easy to adapt his inventive approaches to your own images for more exciting and compelling nude images. Packed with DIY solutions for big looks, this book is sure to stoke your creative fires!

What's the worst thing about wanting a sexy NFL football player? Everyone else wants him, too. After catching my boyfriend getting deep-throated by a skanky cage girl, I've learned my lesson – never date a professional athlete. Never. Besides, I have more important things to worry about, like not blowing my shot to make it as a broadcast reporter. I won't let

anything get in my way, not even the new “it boy” of the NFL and my hot-as-hell neighbor. What's the worst thing about getting death glares from his new neighbor? It doesn't make him want her any less. I've worked my ass off to make it to the pros. The last thing I need is the complication of a relationship, especially since my last one was a total train wreck. But I can't stop thinking about the feisty girl next door with the smart mouth. And I'd love nothing more than to show her what to do with that mouth. Friends with benefits might be the best idea he's ever had. Or the worst. **KISSING MADELINE**, the third book in The Dearest Series, can be read a standalone novel. This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer
