"Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of ‘Azaadi’ [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan’s rivalry. But there is another part of the story that has remained unrecorded and buried. Our Moon Has Blood Clots is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss.”--Page 4 of cover.

Basharat Peer was a teenager when the separatist movement exploded in Kashmir in 1989. Over the following years countless young men, seduced by the romance of the militant, fuelled by feelings of injustice, crossed over the Line of Control to train in Pakistani army camps. Peer was sent off to boarding school in Aligarh to keep out of trouble. He finished college and became a journalist in Delhi. But Kashmir—angrier, more violent, more hopeless—was never far away. In 2003, the young journalist left his job and returned to his homeland to search out the stories and the people which had haunted him. In Curfewed Night he draws a harrowing portrait of Kashmir and its people. Here are stories of a young man’s initiation into a Pakistani training camp; a mother who watches her son forced to hold an exploding bomb; a poet who finds religion when his entire family is killed. Of politicians living in refurbished torture chambers and former militants dreaming of discotheques; of idyllic villages rigged with landmines, temples which have become army bunkers, and ancient sufi shrines decapitated in bomb blasts. And here is finally the old story of the return home—and the discovery that there may not be any redemption in it. Lyrical, spare, gutwrenching and intimate, Curfewed Night is a stunning book and an unforgettable portrait of Kashmir in war.

The spiralling crisis in Jammu and Kashmir; the Naxalite-Maoist menace that seems to be intensifying with every passing day; the disturbing reach of proxy governments run by militant groups in Manipur and Nagaland ? today, a quarter of India is being held hostage by violence and anarchy. What has pushed the country, which has otherwise held together through seemingly insurmountable odds in the past, to the edge? Who and what is responsible for the state of affairs as it stands today? In a series of dispatches from the epicentres of what they call the country?s ‘battle zones’, Neelesh Misra and Rahul Pandita unveil the tensions, frustrations and heartbreaks, and the challenges and justifications, that are everyday realities in these troubled regions. Civil administrators talk about the widespread misappropriation of development funds in tribal and remote areas; security and police personnel describe extreme confrontations in the face of inadequate training and equipment; rebel ranks and former insurgents reveal how unemployment, lack of education and rampant exploitation have fuelled their defiance against the establishment and encouraged secessionist activities; self-styled vigilantes assert their need to provide what they consider ‘security’ and `justice’ in areas that have seen little of either. And, at the heart of the on-going turmoil, ordinary people mourn the loss of their loved ones ? to starvation, lack of healthcare facilities and militancy ? even as they voice their demand to be heard. The stories are many; the cast varied. Yet, collectively, they present an alarming picture of systemic failure on the part of the Indian state. A potent reminder of the mistakes that the government of India cannot afford to repeat, The Absent State is a work of great significance ? an essential read for anyone who wants to make sense of the tumult of our times.

This book The Odyssey of Kashmiri Pandits presents the pathetic life of Kashmiri Pandits in exile. The Mass Exodus from their homes in the year 1990, have left them as refugees in their own country. The original inhabitants of Kashmir, scattered all over the world, are now haunted by nostalgia of Paradise on Earth. They were hounded out, after inflicting taunts, physical abuse, miseries, loot, and selective killing. The exiled community hopes to go back to their home land some day. What could have been the reasons for all these miseries? Were the killers caught?

Hello Bastar is the inside story of the current Maoist movement in India

Twenty-five years ago, in the winter of 1990, about four hundred thousand Pandits of Kashmir were forced to leave Kashmir, their homeland, to save their lives when militancy erupted there. Even today, they continue to live as ‘internally displaced migrants’ in their own country. While most Kashmiri Pandits have now carved a niche for themselves in different parts of India, several thousands are still languishing in migrant camps in and around Jammu. The stories of their struggles and plight have remained untold for years. The authors of the memoirs in this anthology belong to four generations. Those who were born and brought up in Kashmir, and fled while they were in their forties and fifties; those who lingered on in their homes in Kashmir despite the threat to their lives; those who got displaced in their teens; and those who were born in migrant camps in exile. These narratives explore several aspects of the history, cultural identity and existence of the Kashmiri Pandits. These are untold narratives about the persecution of Pandits in Kashmir during the advent of militancy in 1989, the killings and kidnappings, loss of homeland, uprootedness, camp-life, struggle, survival, alienation and an ardent yearning to return to their land. These are stories about the re-discovery of their past, their ancestry, culture, and roots and moorings.

Kashmir is one of the most protracted and bloody occupations in the world—and one of the most ignored. Under an Indian military rule that, at half a million strong, exceeds the total number of US forces in Iraq and Afghanistan, freedom of speech is non-existent, and human- rights abuses and atrocities are routinely visited on its Muslim-majority population. In the last two decades alone, over seventy thousand people have died. Ignored by its own corrupt politicians, abandoned by Pakistan and the West, which refuses to bring pressure to bear on its regional ally, India, the Kashmiri people’s ongoing quest for justice and self- determination continues to be brutally suppressed. Exploring the causes and consequences of the occupation, Kashmir: The Case for Freedom is a passionate call for the end of occupation, and for the right of self- determination for the Kashmiri people.

The Kashmir issue is typically cast as a "territorial dispute" between two belligerent neighbors in South Asia. But there is much more to the story than that. The Jammu and Kashmir state, home to an extraordinary medley of races, tribal groups, languages, and religions, makes up one of the most diverse regions in the subcontinent. Demystifying Kashmir argues that recognizing the rich, complex, and multi-faceted character of Kashmir is important not only for understanding the structural causes of this conflict but also for providing opportunities to establish a just, viable, and lasting solution. In this remarkable book, Navnita Chadha Behera traces the history of Kashmir from the pre-partition India to the current-day situation. She provides a comprehensive analysis of the philosophical underpinnings and the local, bilateral, and international dynamics of the key players involved in this flashpoint of conflict, including New Delhi, Islamabad, political groups and militant outfits on both sides of the Line of Control, and international powers. The book explores the political and military components of India’s and Pakistan’s Kashmir strategy, the self-determination debate, and the insurgent movement that began in 1989. The conclusion focuses on what Behera terms the four P’s: parameters, players, politics, and prognosis of the ongoing peace process in Kashmir. Behera also reflects on the devastation of the October 2005 earthquake and its implications for the future of the area. Based on extensive field research and primary sources, Demystifying Kashmir breaks new ground by framing the conflict as a political battle of state-making between India and Pakistan rather than as a rigid and ideological Hindu-Muslim conflict. Behera’s work will be an essential guide for journalists, scholars, activists, policymakers, and anyone interested in how to avert a war between these nuclear powers.

When Kashmiri Pandits congregate, the conversation invariably veers towards food where recipes are discussed but some secrets also withheld. A favourite dish is invariably best cooked by someone in each family. Some families moved out of Kashmir over two hundred years back and settled in Lahore, Delhi, UP, etc. Their cuisine incorporated aspects of Awadhi cooking and differed from similar recipes of the valley. This book highlights this particular cuisine and includes many traditional dishes and also some that would surprise everyone. Keeme ki Barfi and Zaminkand ke Shahi Tukre will just add the extra sparkle to any chef’s repertoire while the traditional Shufta and Kabargah will instantly make any Kashmiri Pandits mouth water. The collection of recipes is a treasure trove from Annapurmas own experience and from knowledge handed down from generations in the family. Each recipe has her special flavour and tried and tested over the years. The reader gets a window into the Kashmiri Pandit cuisine with the added benefit of being able to try them out with simple instructions and useful tips. The book, amongst other recipes, includes both vegetarian and nonvegetarian dishes, some special rice recipes, a low-calorie section, and something for those with a sweet tooth.
