Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition of Managerial Accounting by Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting8ce focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.

**Accounting-for-Decision-Making-and-Control**

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

**Accounting-for-Decision-Making-and-Control**

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

**Accounting-for-Decision-Making-and-Control**

Management Accounting explains the contemporary role of management accounting in business and demonstrates how it creates and enhances value. This seventh edition continues to help students build a strong foundation in management accounting by showing how the theory translates into real-world application. Technical accuracy is once again a hallmark of this market-leading and trusted resource. This edition has been thoroughly updated including revisions of sustainability reporting and social responsibility, and numerous case studies of real-world practices from Australia, New Zealand and beyond. Brand new and revised end-of-chapter activities provide students with the opportunity to apply what they are learning in real-world situations. This edition combines authoritative, peer-reviewed content with superior educational technology. The pedagogical framework from the text continues inside the powerful Connect platform to provide a closely integrated learning solution. Interactive algorithmic activities with refreshable data sets provide almost unlimited opportunity for students to practice and receive immediate feedback.

This book is an adaptation of the successful US text "Cost Management" by Hilton, Maher and Selto, written specifically for an international audience. Major improvements include: Diverse and truly international examples of organizations - Examples used throughout the book are from all over the world and represent manufacturing, retail, not-for-profit, and service firms in many different countries. Completely restructured and rewritten text - The book has been rewritten, restructured and also shortened significantly to align content closer with international courses. Integral use of spreadsheets - Spreadsheet software is used for explaining techniques and making applications more realistic. In depth research - Summaries of international research studies that address important cost management issues have been updated and more references to recent research findings have been added. Intuitive explanation of accounting - The authors show directly how events impact the balance sheet and profit and loss account
